Carrington, North Dakota**

RECREATION COMMITTEE

**Garrison Diversion Conservancy District
Carrington, North Dakota**

September 16, 2024

A meeting of the Garrison Diversion Conservancy District's Recreation Committee was held at the Garrison Diversion Conservancy District in Carrington, North Dakota, on September 16, 2024. The meeting was called to order by Chairman Kassian at 10 a.m.

DIRECTORS PRESENT

Board Chairman Alan Walter
Committee Chairman Larry Kassian
Director Richard Cayko (by video conference)
Director Bruce Klein
Director Steve Metzger
Secretary Merri Mooridian

DIRECTORS ABSENT

Director David Johnson

OTHERS PRESENT

Garrison Diversion staff and others were present. The registration sheet is attached to these minutes as Annex I.

The meeting was recorded to assist with compilation of the minutes.

READING OF THE MINUTES

Motion by Director Metzger to dispense with a reading of the March 20, 2024, and May 13, 2024, Recreation Committee minutes and approve them as distributed. Second by Director Klein. Upon voice vote, motion carried.

CURRENT FUNDING AND PROJECT REVIEW

Merri Mooridian, Secretary, reviewed the list of current projects. Projects approved in 2024 total \$707,865. The amount expended toward projects in 2024 is \$631,321. The balance remaining to be expended on outstanding projects is \$2,019,444. A copy of the table showing current projects is attached to these minutes as Annex II.

EXPIRING PROJECTS

City of Towner - - The City of Towner was awarded \$19,838 in 2021 for development of a splash pad in the city park. A balance of \$18,113 has yet to be expended on this project. The organization was contacted with no response; therefore, \$18,113 will go back into the Recreation Fund.

City of Coleharbor - - The City of Coleharbor was awarded \$23,460 to purchase and install playground equipment at the city park. A balance of \$14,859.15 remains unexpended for this project. The organization was contacted with no response; therefore, \$14,859.15 will go back into the Recreation Fund.

Pierce County Park Board - - The Pierce County Park Board was awarded \$1,250 for picnic tables and a jungle gym at Barton Park. To date, no funds have been expended on this project. The organization was contacted with no response; therefore, \$1,250 will go back into the Recreation Fund.

Sheridan County Park Board - - Sheridan County Park Board was awarded \$4,093 in 2021 for development of a swimming area at Hoffer Lake. To date, no funds have been expended on this project. The organization was contacted and the county auditor replied requesting an extension on this project.

Motion by Director Walter to extend the project deadline for the Sheridan County Park Board to November 1, 2024. Second by Director Klein. Upon roll call vote, the following directors voted aye: Cayko, Kassian, Klein, Metzger and Walter. Those voting nay: none. Absent and not voting: Johnson. Motion carried.

City of Streeter - - The City of Streeter was awarded \$1,750 for electrical upgrades at the campground. To date, no funds have been expended on this project. The organization was contacted and an invoice was submitted, which is eligible for reimbursement of \$462.13 contingent upon receiving copies of cancelled checks or a bank statement. Once this information is submitted, the reimbursement will be paid.

MODIFICATION REQUEST

Fairmount Park Board - - Fairmount Park Board was awarded \$9,750 in 2023 to replace playground equipment at the park. The park board has been reimbursed \$6,080, leaving a balance of \$3,670. They are now requesting an amendment be approved for their park project to include four picnic tables in the amount of \$5,100.

Stacey Gussiaas, Administrative Assistant, Garrison Diversion, explained the park board had paid for a portion of the project expenses prior to the grant being awarded, which made those items ineligible for grant funding. The suggestion was made that the park board request their project be amended to allow the remaining funds to be used toward the purchase of the picnic tables.

Motion by Director Klein to approve amending the Fairmount Park Board's original project to allow funding in the amount of \$3,670 to be used toward the purchase of picnic tables at the city park. Second by Director Metzger. Upon roll call vote, the following directors voted aye: Cayko, Kassian, Klein, Metzger and Walter. Those voting nay: none. Absent and not voting: Johnson. Motion carried.

Mayville Park District - - Mayville Park District was awarded funding in September 2023 for landscaping, signage, parking and interior fencing at Cometville Park in the amount of \$21,887. The parking space and landscaping were not completed due to lack of other funds. The park district did focus its efforts and funding on making the court space useable including picnic tables, benches, a windscreen to the pickleball area and trash receptacles.

Ms. Mooridian said if the park district was coming in with a new grant, all of the above items would be eligible. She asked if the committee would agree to amending Mayville's grant to include these other items. No additional funds would be awarded.

Motion by Director Walter to approve amending Mayville Park District's original project to allow funding of \$21,887 to be used toward the purchase of picnic tables, benches, a windscreen to the pickleball area and trash receptacles at Cometville Park. Second by Director Metzger. Upon roll call vote, the following directors voted aye: Cayko, Kassian, Klein, Metzger and Walter. Those voting nay: none. Absent and not voting: Johnson. Motion carried.

Ms. Gussiaas reminded the committee of a previous application from Mayville in which they requested funding for the purchase and installation of two FUNbrella shade structures at Waterpark. The committee approved funding contingent upon the park district justifying the high cost of installation. The park district ended up going with a cheaper company, and they were able to have the installation completed for less money. Since they have extra funds remaining, they are questioning whether they could add some tables and chairs to the same application or does the park district need to return the funds and reapply.

Director Klein said he does not want to set a precedent allowing the grantees to request any unspent funds be moved around and used toward another project.

Motion by Director Walter requesting the Mayville Park District reapply for funding to purchase tables and chairs at Waterpark. Second by Director Klein. Upon roll call vote, the following directors voted aye: Cayko, Kassian, Klein, Metzger and Walter. Those voting nay: none. Absent and not voting: Johnson. Motion carried.

COMPLETED PROJECTS

Ms. Mooridian referred to the completed projects table. Funding in the amount of \$8.1 million has been awarded for recreation projects since the program's inception. Expenditures for the program are \$7.4 million. A copy of the table is attached to these minutes as Annex III.

RECREATION GRANT FORM

Ms. Mooridian referred to the grant application form, which is included in the meeting packet for the committee's referral.

Ms. Gussiaas reported Director Dave Johnson, who serves on the Recreation Committee but was unable to attend the meeting today, asked her to pass along his thoughts in regard to awarding grant funds to larger projects in phases. He does not fully agree with this philosophy any longer. He also mentioned decreasing the maximum dollar amount that can be awarded for individual projects from \$75,000 to \$50,000.

The committee discussed both of these issues. It was the consensus of the committee not to change the application or program guidelines at this time. The committee can make adjustments based on the amount of funding available at the time applications are being considered.

REVIEW OF GRANT APPLICATIONS

Fargo Park District - - Tony Schmitt, Park Director, Fargo Park District, presented the park district's funding request in the amount \$33,000 for improvements at Anderson Softball Complex in south Fargo. Improvements include replacing dugouts, players benches, adding a picnic shelter, picnic tables and a concrete slab walkway. The total estimated project cost is \$132,000. A copy of the grant application is attached to these minutes as Annex IV.

Grand Forks Park District - - Lief Larsen and Steve Hell, representing the Grand Forks Park District, addressed the committee regarding the park district's funding request for \$37,500 to renovate the Riverside Park playground, which consists of purchasing and installing new playground equipment. The total estimated project cost is \$150,000. A copy of the grant application is attached to these minutes as Annex V.

Watford City Park District - - Robin Arndt, Superintendent, Watford City Park District, presented the park district's \$75,000 funding request to develop an inclusive playground at Kent Pelton Nature Park. This playground will offer disability essentials such as ramps and railings, as well as equipment that blends physical activities with accessibility, sensory and nature. The project will provide a multisensory experience including features that incorporate sound, textures and colors to improve motor skills, stimulate creativity and boost physical and social development. The total estimated project cost is \$1,105,000. A copy of the grant application is attached to these minutes as Annex VI.

Steele County Park Board - - Justin Gram, representing the Steele County Park Board, presented the park board's request for \$30,361 in grant funds for the pickleball addition at Golden Lake. The project consists of building a pickleball court with an addition for a basketball court and/or volleyball court. The project will be done in phases. Phase I and II include the concrete and fencing. The total estimated project cost is \$121,445. A copy of the grant application is attached to these minutes as Annex VII.

Hope Park Board - - Randy Richards, representing the Hope Park Board, presented the park board's request in the amount of \$75,000 for the construction of an event center located at the Hope Golf Course. The total estimated project cost is \$600,00. A copy of the grant application is attached to these minutes as Annex VIII.

Jamestown Parks and Recreation District - - Amy Walter, Executive Director, Jamestown Parks and Recreation District, presented the park district's funding request of \$75,000 to complete Phase II of the McElroy Park field renovation project. This project consists of two Cal Ripken/fastpitch softball fields and two accessible tee ball fields that will be available for use by Special Olympics and other groups with disabilities. The total estimated cost of the project is \$642,664. A copy of the grant application is attached to these minutes as Annex IX.

Stutsman County Park Board - - Karl Bergh, Superintendent, Stutsman County Parks, presented the park board's request in the amount of \$28,503 to replace playground equipment at Jamestown Reservoir. The total estimated project cost is \$114,010. A copy of the grant application is attached to these minutes as Annex X.

Medina City Park - - Scott Moser, Secretary/Treasurer, Medina City Park, presented a request for \$5,750 in grant funding for the purchase and installation of a chain link fence around the Medina baseball field. The total estimated project cost is \$23,000. A copy of the grant application is attached to these minutes as Annex XI.

City of Sawyer - - Serena Goodrich and Tessa Miller presented a grant request in the amount of \$12,250 on behalf of the City of Sawyer for the construction of multi-sport court in the city park to include basketball, volleyball and pickleball. The total estimated project cost for the indoor playground is \$49,000. A copy of the grant application is attached to these minutes as Annex XII.

Harvey Park District - - Michael Leier, representing Harvey Park District, presented the park district's funding request for \$75,000 to construct a new zero entry swimming pool, including a splash pad area, basketball hoops, climbing wall, diving board and shaded canopies. The total estimated project cost is \$3,700,000. A copy of the grant application is attached to these minutes as Annex XIII.

Newburg Park Board - - Scott Hunsakor, President, Newburg Park Board, presented a funding request for \$20,600 on behalf of the park board to construct a gazebo at the city park. The total estimated project cost is \$82,400. A copy of the grant application is attached to these minutes as Annex XIV.

Argusville Park Board - - The Argusville Park Board requests \$20,000 to purchase and install new playground equipment and surfacing at the city park. The total estimated project cost is \$227,110. A copy of the grant application is attached to these minutes as Annex XV.

Minot Park District - - The Minot Park District is requesting \$31,606 in grant funds to purchase and install playground equipment at the new playground for the South Hill Softball Complex. The total estimated project cost is \$126,424. A copy of the grant application is attached to these minutes as Annex XVI.

Manvel Park Board - - The Manvel Park Board is requesting funds in the amount of \$16,687 for Phase II development of the park area in Manvel to include a patio and sidewalks. The total estimated project cost is \$66,746. A copy of the grant application is attached to these minutes as Annex XVII.

COMMITTEE CONSIDERATION OF GRANT APPLICANTS

Approved Projects

Chairman Kassian commented a total of \$536,257 is being requested for grant funding today. Currently, \$223,460 is available for funding.

Ms. Mooridian reminded the committee at the March 2024 Recreation Committee meeting a motion was made at that time to reduce the \$75,000 grant requests, approving \$50,000 for each of those projects. If the committee chooses to do the same today, the revised total amount of requests would be reduced to \$436,257.

Motion by Director Walter to reduce the funding limit request on projects eligible for \$75,000 to \$50,000 for this round of applicants. Second by Director Metzger. Upon roll call vote, the following directors voted aye: Cayko, Kassian, Klein, Metzger and Walter. Those voting nay: none. Absent and not voting: Johnson. Motion carried.

Motion by Director Walter and Second by Director Klein to approve a grand total of \$436,257, with \$212,797 to come from the Recreation Reserve Fund, to be allocated to the following recreation grant program applicants:

Newburg Park Board up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$20,600 to construct a gazebo at the city park.

Fargo Park District up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$33,000 for improvements at Anderson Softball Complex to include dugouts, players benches, picnic shelter, picnic tables and a concrete slab walkway.

Argusville Park Board up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$20,000 to purchase and install new playground equipment and surfacing.

Manvel Park District up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$16,687 for Phase II development of the park area in Manvel to include a patio and sidewalks.

Grand Forks Park District up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$37,500 to renovate the Riverside Park playground, which consists of purchasing and installing new playground equipment.

Watford City Park District up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$50,000 to develop an all-inclusive playground at Kent Pelton Nature Park.

Steele County Park Board up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$30,361 for Phase I and II development of a pickleball court at Golden Lake to include the concrete and fencing.

Hope Park Board up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$50,000 for construction of a multi-purpose event center located at the Hope golf course.

Jamestown Parks and Recreation up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$50,000 to complete Phase II of the McElroy Park field renovation project, consisting of two multi-purpose, ADA accessible tee ball fields.

Stutsman County Park Board up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$28,503 to replace playground equipment at Jamestown Reservoir.

Medina City Park up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$5,750 for the purchase and installation of a chain link fence around the Medina baseball field.

City of Sawyer up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$12,250 for the construction of multi-sport court in the city park to include basketball, volleyball and pickleball.

Minot Park District up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$31,606 to purchase and install playground equipment at the new playground at the South Hill Softball Complex.

Harvey Park District up to 25 percent of the local, non-federal share of the eligible costs not to exceed \$50,000 to construct a new zero entry swimming pool, including a splash pad area, basketball hoops, climbing wall, diving board and shaded canopies.

Upon roll call vote, the following directors voted aye: Cayko, Kassian, Klein, Metzger, and Walter. Those voting nay: None. Absent and not voting: Johnson. Motion carried.

OTHER

There being no further business to come before the committee, the meeting was adjourned at 12:00 p.m.

(SEAL)

Larry Kassian, Chairman

Merri Mooridian, Secretary

DESCRIPTION OF PROJECT

The Anderson Softball Complex has four irrigated, fully lit fields that are used for youth and adult flag football, baseball and softball. The complex also has concessions, bathrooms, bleachers, picnic shelters, and playgrounds for park users. The dugout on the two east fields, Fields #3 and #4, need replacement due to their age, condition, and the safety hazards that they present to players and coaches. An additional picnic shelter would be added to the South of the existing playground to provide an area for park users to gather and for shade.

JUSTIFICATION OF PROJECT

Who it Serves:

- Population of Fargo, ND – 126,748 (2021)
- Surrounding Cities: West Fargo, Moorhead, Horace, etc.
- 4 irrigated fields with lights
- Playground for ages 2-12
- Youth/Adult Football – 43 teams
- Youth Baseball/Softball – 59 Teams
- 775 hours of play-May-August

DESCRIBE THE PROJECT SITE AS IS AND PROPOSED CHANGES

No significant changes will occur as part of this project. The following will be constructed upon the existing footprint of the dugouts within the Anderson Softball Complex:

- The current dugouts will be completely removed from Fields #3 and #4. (See attached field map)
- New dugouts will be constructed with new fencing, metal roofs, and aluminum players benches.
- Accessibility will be improved for players to enter the dugouts and the field of play.
- One metal shade shelter 20' x 20' in size with a 25' x 25' concrete slab with an accessible walkway will be installed as a support amenity for park users to the east of Fields #3 and #4.

Description of Project Features

As part of the Grand Forks Park District's operational planning, older playgrounds that have reached the end of their useful life will be replaced by new facilities. The current playground equipment at Riverside Park was erected in 1996 and the Park District has determined that replacing it in 2025 will be a priority.

Riverside Park is approximately 25 acres on the north side of Grand Forks and nestled beautifully against the Red River on the border of Minnesota. Maps of the park have been included in this application. The park was purchased in 1909 and was one of the first park developments in the city of Grand Forks. Amenities at the park include a pool and bath house, an ice-skating rink and warming house, tennis courts, playground, shelters and more. There are half a dozen landscape beds throughout the park and the Greenway Bike Path moves through the park, weaving peacefully along the Red River.

A unique and popular park, its location is nearly entirely located within the floodplain, thus levees and flood protection systems are located along the inner perimeter of the park. The flood of 1997 required redesign of the park and pool to accommodate the flood protection system. The new system placed the park on the unprotected side of the levee. Periodic flooding is an accepted occurrence and appropriate steps are made to minimize damage to amenities in case of spring overflow of the Red River.

A detailed proposal and specifications of the playground equipment from Grondahl Recreation, Inc. is included with this grant application. Although the price on the proposal is listed at about \$170,000.00 it is expected that the delivered price will be approximately \$150,000.00. A rendering of the finished playground is also included in this application.

Garrison Diversion Conservancy District Matching Recreation Grant Program – Fall 2024

Application Additional Documentation – Watford City Park District

Description of Project Features:

The Watford City Park District is excited to embark on the journey to provide our community with an inclusive playground that embraces accommodations for all to enjoy. The inclusive playground will be designed with equipment and resources that meet the needs of individuals with a diverse range of disabilities and abilities alike. The playground will not just offer disability essentials such as ramps and railings but will include equipment that blends physical activities with accessibility, sensory, and nature to make everyone feel healthy and happy in the playground. The environment will provide a multisensory experience including features that incorporate sound, textures, and colors, to improve motor skills, stimulate creativity, and boost physical and social development.

Accessibility will also be key to creating engagement opportunities for adults and individuals with wheelchairs and strollers. Accommodation will include poured-in-place rubber surface that will be both efficient for accessibility and stimulating for play and imagination. Large walkways will allow for connectivity to upper-level equipment thus enhancing uninterrupted playful interaction between adults, children, and their peers.

The project of building an inclusive playground is important to our community as it will create an environment that offers diverse recreational opportunities while promoting community cohesion and love of recreation while meeting the needs of our community. The Watford City Park District aims to develop a culture in which it provides recreational programs and services that are accessible and adaptive to the community's physical, mental, social, and psychological needs.

The inclusive playground will positively impact the residents and visitors of Watford City, McKenzie County, and surrounding communities. Currently the closest inclusive playground is located approximately eighty miles away. This distance creates hardship upon those that would benefit most from access to an inclusive playground.

Estimated Number of People Served:

Currently the estimated number of people that will be directly impacted is 1,400. This includes approximately five hundred children living within walking distance, a nearby elementary school, a daycare which serves two hundred children ranging from birth to five years old, and an after-school program that serves children ranging from kindergarten through fifth grade. In addition, approximately forty disabled children living within the community are not able to utilize traditional playgrounds. The inclusive playground will offer direct services to these children by providing them with uninterrupted play with peers and caregivers. Finally, the project will reach out to serve individuals within McKenzie

County and surrounding counties as it will be the only one of its kind within an eighty-mile distance.

The project will also create a positive collaboration of partners between community donors, volunteers, the City of Watford City, and the Watford City Park District to ensure the life of the project for many generations to enjoy.

Describe the Project Site as is and Proposed Changes:

The project site is in a green space with surrounding paved paths, pavilions, a softball field, and fishing pond. The site is currently lacking a play space that stimulates an imaginative, safe, and engaging environment. The location will need to have landscaping, seeding, and irrigation. Poured-in-place rubber will be added as the playground surface and multisensory inclusive play equipment will be installed to suit the needs of individuals of all abilities. The current gravel parking lot will be improved by the City of Watford City to add eight concrete ADA accessible parking stalls.

Steele County Park Board – Garrison Diversion Grant Project Proposal

BACKGROUND :

The Steele County Park Board is a local political subdivision in Steele County, ND and primarily has jurisdiction over Golden Lake. Golden Lake is a recreational lake located in the middle of Steele County, ND, approximately 75 miles SW from Grand Forks, ND and NW from Fargo, ND. The Steele County Park Board has made a number of changes to Golden Lake throughout the years to include: increased inlet/outlet system to allow the Lake to receive more or less water pending the local conditions, rebuilt the inlet system so that it is in proper working condition, and has recently, with the help of a FEMA HMGP grant, placed rated storm shelters on both sides of the Lake to help protect the visitors from the weather and other natural hazards. The Steele County Park Board is committed to enhancing Golden Lake to be a major spot for all visitors to relax, enjoy the outdoors, and have a little fun.

PROJECT PROPOSAL:

The project proposed is to build a pickleball and basketball court for the visitors of Golden Lake. Pickleball has hit the United States with a fierce passion as of the last several years. It is truly a sport for everyone ages 0-99+. The Park Board owns an enclosed, heated, and air-conditioned Pavilion on the west side of the lake where events take place such as birthday parties, graduation parties, and family reunions. Behind the Pavilion is an empty lot where a pickleball court could be placed.

The idea is a simple one – install a pickleball court with an addition for a basketball court and/or volleyball court. These items meet the requirements for the Park Board to help improve the experiences of the lake as well as get people to get out into the open air and experience the great outdoors.

The project, due to funding constraints, will have to be completed in phases. Phase 1 is the installation of the concrete slab. A quote showing \$76,000 for the slab is attached. Phase 2 includes the fencing of the courts themselves. A quote for \$45,445 for the fencing is attached. Phase 3 is the final phase of this project and includes the installation of the courts which include the netting, striping, hoops, and everything else involved with the project. A quote for \$81,970 is included for Phase 3 of this project.

THE REQUEST:

Phase 1 is currently being requested for help in funding. Phase 1 is the concrete work for the project. The Park Board recognizes that a project isn't complete without help from the local people that are supporting the project. To date, the Park Board has \$20,000 in local

donations with the promise of in-kind help during each phase of the project. Additional grant/funding requests are being pursued; however, have proven unsuccessful at this point. The idea is to complete this project in phases, with help from grant requests such as this one, as well as other local funding requests, and in-kind donations. This project is considered priority 1 for the Park Board and most of the funding received by the Park Board is going to support this project. Annual maintenance costs on this project total close to \$3,000 once completed and those costs will be bore by the Park Board.

CONCLUSION:

The Steele County Park Board requests \$75,000 to help begin the phases of the project. Phase 1 will be to get the cement poured for the courts. Phase 2 includes the fencing around the courts. Phase 3 includes the finality of the project which is the installation of the courts, painting the lines, and any additional project costs.

PROPOSAL SUBMITTED TO Jason Ness	PHONE 218.779.8239	DATE 6/10/2024
STREET *Need Billing Address*	JOB NAME Basketball/Pickleball Court Fencing (8' O.C.).	
CITY, STATE AND ZIP CODE	JOB LOCATION Golden Lake, ND.	

We hereby submit specifications and estimates for:

All material and labor required to install:

- 454 LF of 10' tall, galvanized chain link fence with bottom tension wire. All posts to be driven and 8' on center.
 - Fence to include (2) ea. 4' wide by 10' tall walk gates.
- Fence does not include fence wind screen; proposal does not include labor or material to install wind screen.

TOTAL PRICE INSTALLED - \$ 45,445.00

Notes/Exceptions:

- Price does not include clearing of fence line, dirt work, grading, compaction/testing, staking, or survey. Responsibility of Owner.
- Price does not include any bond or unemployment insurance. For Performance and Payment Bond, add the greater of \$8.20/\$1,000.00 or a minimum charge of \$200. For Unemployment Insurance, add the greater of \$20.00/\$1,000.00 or a minimum charge of \$200.
- Priced for completion during 2024 Construction season.
- Electrical grounding is not included, by others.
- Additional charges will apply if a secondary sweep/locate is required.
- Hydro-vac excavation or core drilling of holes is not included.
- Price does not include work during frozen weather conditions.
- Dakota Fence is a member of PEC Veriforce, Avetta, ISNetworld, and Gold Shovel Standard.
- This proposal supersedes any previous proposals (all of which are rescinded/revoked and no longer valid); any plan addenda or revisions issued after this proposal are not part of this proposal and Dakota Fence is not bound to; this proposal automatically becomes part of any subsequent contract signed by Dakota Fence, regardless of whether this proposal is signed by the recipient of this proposal.

Terms of Payment to be made as follows: 50% down, material draw at 60% of contract value (less received 50% down), monthly progress billings, and balance upon completion, unless otherwise specified above, payment due upon receipt and subject to approved credit.

Purchaser agrees to indemnify and hold harmless Dakota Fence and its agents from and against any and all claims, liabilities and damages, including outside and in-house attorneys' fees and costs, arising from or related to any failure to erect fence, guardrail, or other products on or within property lines; any failure to comply with by-laws, restrictive covenants, building codes or other restrictions; encroachment or interference with any easement; damage to any improvements, including underground sprinklers, utilities, including wires or pipes; frost heave; personal injury or death; removal of fence or products. Purchaser agrees that Dakota Fence's liability shall not exceed the amount paid to it under this Proposal. Dakota Fence shall not be liable for any direct, indirect, special, incidental, or consequential damages. Purchaser agrees to be responsible for excavated soil or Dakota Fence shall dispose of soil for an additional charge. All work to be completed according to standard industry practices. Any alteration or deviation from this proposal requires Dakota Fence's prior written consent and shall automatically become part of and subject to this Proposal. Any additional costs from any such change shall result in an extra charge, which Purchaser agrees to pay. Purchaser agrees to pay Dakota Fence's outside and in-house attorneys' fees and costs in the collection and enforcement of this Proposal. This Proposal contingent upon strikes, accidents or delays beyond Dakota Fence's control and supersedes all prior written or oral agreements. Purchaser agrees to carry all homeowners, liability and other necessary and required insurance. Dakota Fence's workers are fully covered by Workers Compensation Insurance or other required insurance. All fence or product remains the property of Dakota Fence until paid for by Purchaser and Purchaser authorizes Dakota Fence to remove the same and charge Purchaser for the fence or product and their removal if payment is not made per the terms of this Proposal. Purchaser agrees to pay 1.5% per month on all past due accounts. Any fence project that is considered custom or has special order materials is not returnable and therefore not fully refundable. A minimum of 25% restocking fee will apply with certain items being subject to higher restock fees as established from time to time by Dakota Fence.

Unless objected by the Purchaser, Dakota Fence shall place a lawn sign on the property for the duration of Dakota Fence's work.

Acceptance of Proposal. The above prices, specifications, terms, and conditions are satisfactory and accepted by Purchaser. Dakota Fence is authorized to do the work as specified and Purchaser agrees to make payment as outlined above.

Hope Park Board – Garrison Diversion Grant Project Proposal

BACKGROUND :

The City of Hope Park Board is a local political subdivision of the City of Hope, located in Steele County, ND. The Hope Park Board has primary jurisdiction over the parks in the City of Hope with additional jurisdiction of the Hope Golf Course. The Hope Golf Course is located approximately 3 miles east of the City of Hope along the junction of ND Hwy 32 and ND Hwy 38. The Hope Park Board has made several changes throughout the years to the Hope Golf Course to include grass greens instead of sand greens, building and installation of golf cart shacks, installed irrigation to the grass greens, and repairs to the clubhouse. The Hope Park Board is committed to enhancing the Golf Course and the parks in the City to be a major spot for all visitors to play, relax, and have fun.

PROJECT PROPOSAL:

The project proposed is to build a new clubhouse located at the golf course. The old clubhouse (currently standing) was built in the 1960s and is no longer functional. The Park Board has spent over \$500,000 in the last 10 years alone on the maintenance and upkeep of the clubhouse. This clubhouse has served its purpose and is no longer functional for the needs of the Park Board. The Park Board is wanting to build a new clubhouse which will also accommodate a large meeting space to be rented out for local and area meetings. This project is part of a larger plan within the City of Hope to expand the meeting spaces that are available at any given time. Currently, the only meeting space available is the American Legion located in the City of Hope. This only sits about 100 people and cannot hold the people involved in the different meetings/associations/gatherings throughout the year. Small communities like the City of Hope boast a robust agricultural community. The Clifford Elevator is a large part of the agricultural community in the City of Hope and throughout the 200-mile radius from the City of Hope. This employer alone hosts an annual meeting for its producers and employees and CANNOT rent out the Legion due to the sheer size of the people coming to the meeting. A new space would allow for employers like the Elevator to host their meetings in the community in which they serve, all while keeping funding and economic impacts within the local community in which it serves.

The current clubhouse, due to the changing weather conditions over the years, has flooded due to overland and river floodings in 8 of the last 10 years of floods. Two years ago, the clubhouse was completely gutted and cleaned due to the flood waters. Last year, the roof caved in due to the exorbitant amount of snow and ice received and ruined the cleaning that was completed only the year before. In order to get the clubhouse ready for this year,

the Park Board had to spend another \$150,000 to gut, clean, and repair the clubhouse to get everything back in working order.

Due to all these repairs, the clubhouse has seen some major electrical problems. Animals and critters seek shelter in the crevasses of the building and have ruined the electrical lines in the building. This problem caused the clubhouse to not be open this year for the season and has required the Park Board to get creative in how they opened the golf course for the season. Unfortunately, this has caused the Park Board to make the decision to build a new building instead of investing any more money into the current building. This decision did not come easy; however, a funding campaign was started to get a new building and just over \$400,000 has been raised by the community in a short 4-month period.

The idea is to build a new 48x80 building with a commercial kitchen and a large meeting area to accommodate the needs of the city, the Park Board, the golf course, and the needs of the supporters of the City and the Park Board.

THE REQUEST:

The request is for \$75,000 in funding to help the Park Board come closer to its goal of building a new clubhouse. To date, the Park Board has raised over \$400,000 in private donations specifically earmarked for this project. The Park Board is planning on beginning this project this fall still with the removal of the old building and the digging of the foundation work. This request will go to help with this process. Additional funds are being requested through other funding sources such as USDA, National Parks Service, and other local and state agencies. Annual maintenance costs for this project will be up to \$25,000 and will be bore by the Hope Park Board. These maintenance costs will also save the taxpayers in the Hope Park District thousands of dollars over the years as the Park Board will be able to levy less dollars to maintain its parks.

**Garrison Diversion Conservancy District Matching Grant Program
Jamestown Parks and Recreation Field Renovation- Phase II Tee Ball Fields
August 15, 2024**

Description of Project Features:

Since 2015 the local youth baseball organization, Jaybal, has identified the need to renovate the Al Boelke Youth baseball complex. Limitations of funding and other community priorities has delayed the project moving forward. Despite the lack of appropriate playing facilities youth baseball is thriving in Jamestown and currently there are 22 teams with approximately 360 players. The complex currently consists of 4 little league fields in the northeast portion of McElroy Park adjacent to Jack Brown Stadium. It serves as the primary location for youth (ages 6-12) baseball competitions and as a practice facility for Babe Ruth, Legion, High School, College, and Amateur teams. No significant updates or renovations have been made to the complex since it was originally constructed in the 1960s. The complex currently does not meet player or fan safety expectations, accessibility requirements, or include the amenities that are expected at youth athletic facilities. This has resulted in opposing teams refusing to travel to Jamestown for competitions and the inability to host tournaments. In 2023 Mammoth Sports Construction was contracted by Jamestown Parks and Recreation to begin Phase I of the field renovation project. Phase I consists of a Babe Ruth baseball field, a Cal Ripken baseball/fastpitch softball field, batting cages, and support building to include restrooms, concessions and maintenance. The first phase is scheduled for completion by December 2024. This request is to fund the top priority in Phase II which is two multi-purpose tee ball sized fields that will also be ADA accessible and used for Special Olympics and other groups that offer programming for individuals with disabilities.

Justification of Project

Number of people served:

Currently the facility serves the following constituents as detailed below. After the renovation we anticipate these numbers to increase significantly due to the ability to host additional youth tournaments.

- 300 local players (families) age 5-18 registered in Jaybal programs
- 80 middle school and high school players (some duplication with the above)
- 80 University of Jamestown players
- 36 Amateur Mens players
- Jack Brown Stadium host to 13 teams, Youth complex home to youth city league and 4 competitive teams
- 50,000 visits to Jack Brown Stadium and Youth baseball complex throughout the season April-September
- 10,000 anticipated to be from outreach communities, 5,000 from larger communities (Fargo, Bismarck, etc...), and 35,000 local visits
- Host to several state and regional tournaments to include the NDHSAA Class A and B baseball and fast pitch softball yearly. Host all State Amateur tournaments for 3 divisions.

Describe Project Site As Is and Proposed Changes:

Previously the site consisted of 4 little league fields in the northeast portion of McElroy Park. Phase I will reconfigure and add fields and amenities that require the demolition and relocation of the Jamestown Parks and Recreation maintenance shop. Additionally, a restroom, small misc storage buildings and a tennis court that currently serves as a skate park will be vacated and the space repurposed. Extensive excavation and underground drainage work will occur at the site in addition to the construction of a multi-purpose building to serve as restrooms, concessions and a community gathering space. Additional components will include off street parking, paved connecting pathways, shaded and sheltered bleachers, and landscaping with the planting of trees. The second phase in the master design of the complex prioritizes two tee-ball sized fields that will be fully surfaced with artificial turf. The artificial turf will provide an accessible and safe playing surface for individuals with disabilities as well as our youngest community members to play tee ball. Jamestown Parks and Recreation will work with local providers of adaptive programming such as Special Olympics and Anne Carlsen Center to offer this space to play! Currently there are no dedicated playing fields for tee ball or adaptive programming in Jamestown.

RE: McElroy Park

To whom it may concern:

McElroy Park, located within the limits of the City of Jamestown, ND is an unplatted parcel of land. The City of Jamestown identifies it by a "Lands in Jamestown" parcel description which is as follows:

Lands in Jamestown, Section 36, Township 140 North, Range 64 West, McElroy Park
Approximately 30 Acres

As such, no official plat exists for this parcel of land.

Please let me know if you need any further information.

Thank you,

A handwritten signature in black ink, appearing to read "Tyler Michel".

APPLICATION

Garrison Diversion Conservancy District Matching Recreation Grant Program

Date of Application 8/30/2024	Project Name Jamestown Reservoir Playground Equipment
Sponsoring Agency Name Stutsman County Park Board	
Authorized Representative/Title Jessica Alonge	
Sponsoring Agency Address 511 2nd Ave. SE Jamestown, ND 58401	
Phone 701.252.9035	Email jalonge@stutsmancounty.gov
Contact Name for Project (If different than above) Karl Bergh	
Address 511 2nd Ave. SE Jamestown, ND 58401	
Phone 701.368.1365	Email kbergh@stutsmancounty.gov
Project Location Jamestown Reservoir- 8370 32nd St. SE Jamestown, ND 58401	

Description of Project Features (if more space is required, please provide separate documentation)

This project started as a repair to existing equipment. After finding out what the repair cost and with the age of the existing equipment, the Park Board decided money would be better spent with a total replacement. This equipment is used by many day care centers and by an adjacent summer youth camp. The park is also very popular with the general public as it is close to the city of Jamestown and close to a public beach on the reservoir along with a picnic area.

Justification of Project

(Estimated Number of People Served, Age Categories Which May Benefit, Description of Integration Into a Comprehensive Recreation Plan, Etc.)

Estimated Number of People Served	40-50 per day plus the weekday usage from the summer camp. 1100 youth per yr
Total Estimated Project Cost (Include volunteer/in-kind donations/work)	\$ 114,010
Assistance Requested (No more than 25% of project cost unless multi-county sponsored)	\$ 28,502.50
Applicant's Contribution	\$ 85,507.50
Additional Sources of Funding	
A local non-government business is willing to contribute to the project. The playground equipment vendor is helping with a grant option also.	

Federal Funds Utilized	0
Describe the Project Site As Is and Proposed Changes (Tree Removal, Drainage Filled, Etc.)	
The current equipment needs to be removed and the existing site prepped for larger playground equipment.	
Annual Maintenance Budget	\$ \$500
Maintenance Provided By	Stutsman County Park Board
I Hereby certify that funds in the amount of \$ 85,507.50 are available for this project.

Contact Name for Project (If different than above)	
Address	
Phone	Email
Project Location Located in Medina City Park, Medina Baseball Field	

Description of Project Features (if more space is required, please provide separate documentation)

The Medina City Park is putting up a chain link fence on the Medina Baseball Diamond. The Medina City Park owns and maintain the baseball field for the Medina Youth and surrounding areas. Kids participates in little league, T- ball & girls slow pitch as well as newly add Girls Fast Pitch. The estimated cost for this project is 00. Included with this chain link fence around the baseball diamond we plan to put a chain Link fence in front of each dugout to help protect the kids from past balls & & fouls balls keeping them safe during the game as well as practices. The Medina Youth program reaches 8 communities with its program and we host and play an estimated 10 games with the surrounding rural teams.

Justification of Project

(Estimated Number of People Served, Age Categories Which May Benefit, Description of Integration Into a Comprehensive Recreation Plan, Etc.)

Estimated Number of People Served	The Medina Youth program serves 8 communities, totaling 900 people.
Total Estimated Project Cost (Include volunteer/in-kind donations/work)	\$ 23,000
Assistance Requested (No more than 25% of project cost unless multi-county sponsored)	\$ 5,750
Applicant's Contribution	\$ 17,250
Additional Sources of Funding	
The Medina City Park will be able to fund this project with our annual park budget " camper fees" plus our projects/ building fund. The reason we are applying for this project funds is to help offset depleting our project building fund.	

Federal Funds Utilized NA

Annex XI
24-212

Describe the Project Site As Is and Proposed Changes (Tree Removal, Drainage Filled, Etc.)

The chain link fence will be located on Medina City Park land which includes the current site of the baseball field. No filling, draining or modification to the field.

Annual Maintenance Budget

\$ Once up very little Maintenance needed, \$250 annually.

Maintenance Provided By

Medina City Park

Sawyer, ND 58781 CITY, STATE AND ZIP CODE		JOB LOCATION	

We hereby submit specifications and estimates for:

All materials and labor needed to install 270' of new 10' tall commercial grade chain link fence with top/bottom rails and (2) 4' wide personnel gates. Included in the price is the removal/haul away of the existing chain link fence. All new fence posts to have steel plates welded to the bottom and then surface mounted to the top of the exiting concrete slab.

TOTAL PRICE INSTALLED - \$27,575.00

ADD – Tennis Court Nets & Surface Mounted Posts \$1,250.00

(*Posts to be installed/surface mounted by Dakota Fence; net installed at later date by owner)

Notes/Exceptions:

- Price does not include clearing of fence line, dirt work, grading, compaction/testing, staking, or survey. Responsibility of Owner.
- Price does not include any bond or unemployment insurance. For Performance and Payment Bond, add the greater of \$8.20/\$1,000.00 or a minimum charge of \$200. For Unemployment Insurance, add the greater of \$20.00/\$1,000.00 or a minimum charge of \$200.
- Priced for completion during 2024 Construction season.
- Electrical grounding is not included, by others.
- Additional charges will apply if a secondary sweep/locate is required.
- Hydro-vac excavation or core drilling of holes is not included.
- **Price does not include work during frozen weather conditions.**
- Dakota Fence is a member of PEC Veriforce, Avetta, ISNetwork, and Gold Shovel Standard.
- This proposal supersedes any previous proposals (all of which are rescinded/revoked and no longer valid); any plan addenda or revisions issued after this proposal are not part of this proposal and Dakota Fence is not bound to; this proposal automatically becomes part of any subsequent contract signed by Dakota Fence, regardless of whether this proposal is signed by the recipient of this proposal.

Terms of Payment to be made as follows: **50% down, material draw at 60% of contract value (less received 50% down), monthly progress billings, and balance upon completion, unless otherwise specified above, payment due upon receipt and subject to approved credit**

Purchaser agrees to indemnify and hold harmless Dakota Fence and its agents from and against any and all claims, liabilities and damages, including outside and in-house attorneys' fees and costs, arising from or related to any failure to erect fence, guardrail, or other products on or within property lines; any failure to comply with by-laws, restrictive covenants, building codes or other restrictions; encroachment or interference with any easement; damage to any improvements, including underground sprinklers, utilities, including wires or pipes; frost heave; personal injury or death; removal of fence or products. Purchaser agrees that Dakota Fence's liability shall not exceed the amount paid to it under this Proposal. Dakota Fence shall not be liable for any direct, indirect, special, incidental, or consequential damages. Purchaser agrees to be responsible for excavated soil or Dakota Fence shall dispose of soil for an additional charge. All work to be completed according to standard industry practices. Any alteration or deviation from this proposal requires Dakota Fence's prior written consent and shall automatically become part of and subject to this Proposal. Any additional costs from any such change shall result in an extra charge, which Purchaser agrees to pay. Purchaser agrees to pay Dakota Fence's outside and in-house attorneys' fees and costs in the collection and enforcement of this Proposal. This Proposal contingent upon strikes, accidents or delays beyond Dakota Fence's control and supersedes all prior written or oral agreements. Purchaser agrees to carry all homeowner, liability and other necessary and required insurance. Dakota Fence's workers are fully covered by Workers Compensation Insurance or other required insurance. All fence or product remains the property of Dakota Fence until paid for by Purchaser and Purchaser authorizes Dakota Fence to remove the same and charge Purchaser for the fence or product and their removal if payment is not made per the terms of this Proposal. Purchaser agrees to pay 1.5% per month on all past due accounts. Any fence project that is considered custom or has special order materials is not returnable and therefore not fully refundable. A minimum of 25% restocking fee will apply with certain items being subject to higher restock fees as established from time to time by Dakota Fence.

Unless objected by the Purchaser, Dakota Fence shall place a lawn sign on the property for the duration of Dakota Fence's work.

Acceptance of Proposal. The above prices, specifications, terms, and conditions are satisfactory and accepted by Purchaser. Dakota Fence is authorized to do the work as specified and Purchaser agrees to make payment as outlined above.

Description of Project Features

The Newburg City Park would like to build a Gazebo on one of the existing Tennis courts.

The Newburg City Park, along with the Newburg Community Club, sponsors an annual mud volleyball tournament. We have been doing this for the past 11 years and it has become a very popular event. The park has built 2 mud courts. These two courts are right next to one of the tennis courts (2 courts). We have converted one of the tennis courts into a spectator section. We have been erecting a portable tent for shelter and shade throughout the years. We would like a Gazebo to replace the tent.

This Gazebo would be a space for spectators, players, vendors, & event planners.

We also believe this Gazebo can be used for other community events (Family Reunions, Summer movies in the park, Bands and Dances, Area for Camper families to sit, etc.).

The City Park has other projects to improve which would also go hand in hand with the Gazebo. We are planning next year to build a shower building for both volleyball players to clean off and in the future a shower for an RV park. We are planning on fund raising to resurface the remaining tennis court to be used for both tennis and pickleball. We are also in the early stages of planning on making RV hookups with water and sewer.

Argusville Park Site Assessment 2022

Conducted by the North Dakota Insurance Reserve Fund

The current play structure at Argusville Park is over 28 years old and clearly shows its age. It is a residential-grade unit not intended for public use, nor does it meet current safety standards.

Several safety hazards were identified during the assessment:

Entrapment Areas: Multiple entrapment areas were found on the complex, where a child's body could fit through, but not their head, posing a significant risk of injury.

Sharp Edges and Exposed Materials: The slide has sharp edges from broken plastic, and there are exposed concrete and timbers, all of which are hazards that could cause injury.

Improper Placement of Swings: The swings are located next to power poles, not meeting the required clear space around them for safe landing zones.

Argusville Park Going Forward

Proposed Area to be updated:

The proposed updates will focus on the area designated for the 5-12 year-old play structures. This will include a main commercial-grade unit along with freestanding structures for swings, climbing, and spinning activities. Additionally, the space will be expanded to incorporate play structures for 2-5 year-old children, including a main play unit, a freestanding spinner, a swing, and a climbing apparatus designed for younger kids.

Updated Park Structures to be installed:

Below is an example of the potential equipment to be installed. Final details, such as colors and the selection of freestanding equipment, have not yet been finalized.

The proposed equipment includes:

- **Main Play Units:** Commercial-grade structures designed to meet current safety standards and cater to different age groups.
- **Freestanding Structures:** Swings, climbing structures, and spinning apparatuses suitable for both older and younger children.

Argusville Park Board Play Complex

Budget:

Expenses	Total Project Expenses
Play Equipment 2-12 year old	\$170,850
Containment Bordering & Surfacing	\$8,950
Site Prep and Installation	\$46,960
Administrative and Marketing	\$350
TOTAL EXPENSES	\$227,110
Revenues	Committed
Contributions, Gifts, Grants, & Earned Revenue	
<i>Park Board Support</i>	\$15,000
<i>In-Kind Support</i>	\$1,000
<i>American Legion Harwood, ND</i>	\$10,000
TOTAL REVENUES	\$26,000

EXPENSES

Play Equipment - Total \$170,850

- This includes play structures for 2–12-year-old children
- Estimated costs from Dakota Playground, who also helped create a rendering of the final park project.

Containment Bordering & Surfacing - Total \$8,950

- Poly containment bordering
- 1 ADA ramp
- 200 cubic yards of engineered wood fibers

Site Prep and Installation - Total \$46,960

- Existing equipment will be removed from the site
- Some of the current poly containment bordering will be salvaged and used with the installation of new equipment
- The ground will be cleared and leveled by the contractor who is installing the equipment

- Installation of the new play structures

Administrative and Marketing - Total \$350

- Office supplies were purchased for donation request mailings
- A large poster was created with specific project information. The poster was used at local events such as Back to School Night, Community Center Steak Fry, etc. to create more community awareness and transparency.

Total Expenses - \$227,110

REVENUE

Program Sponsorship - Total \$15,000

- The Argusville Park Board has committed this amount of money to the project

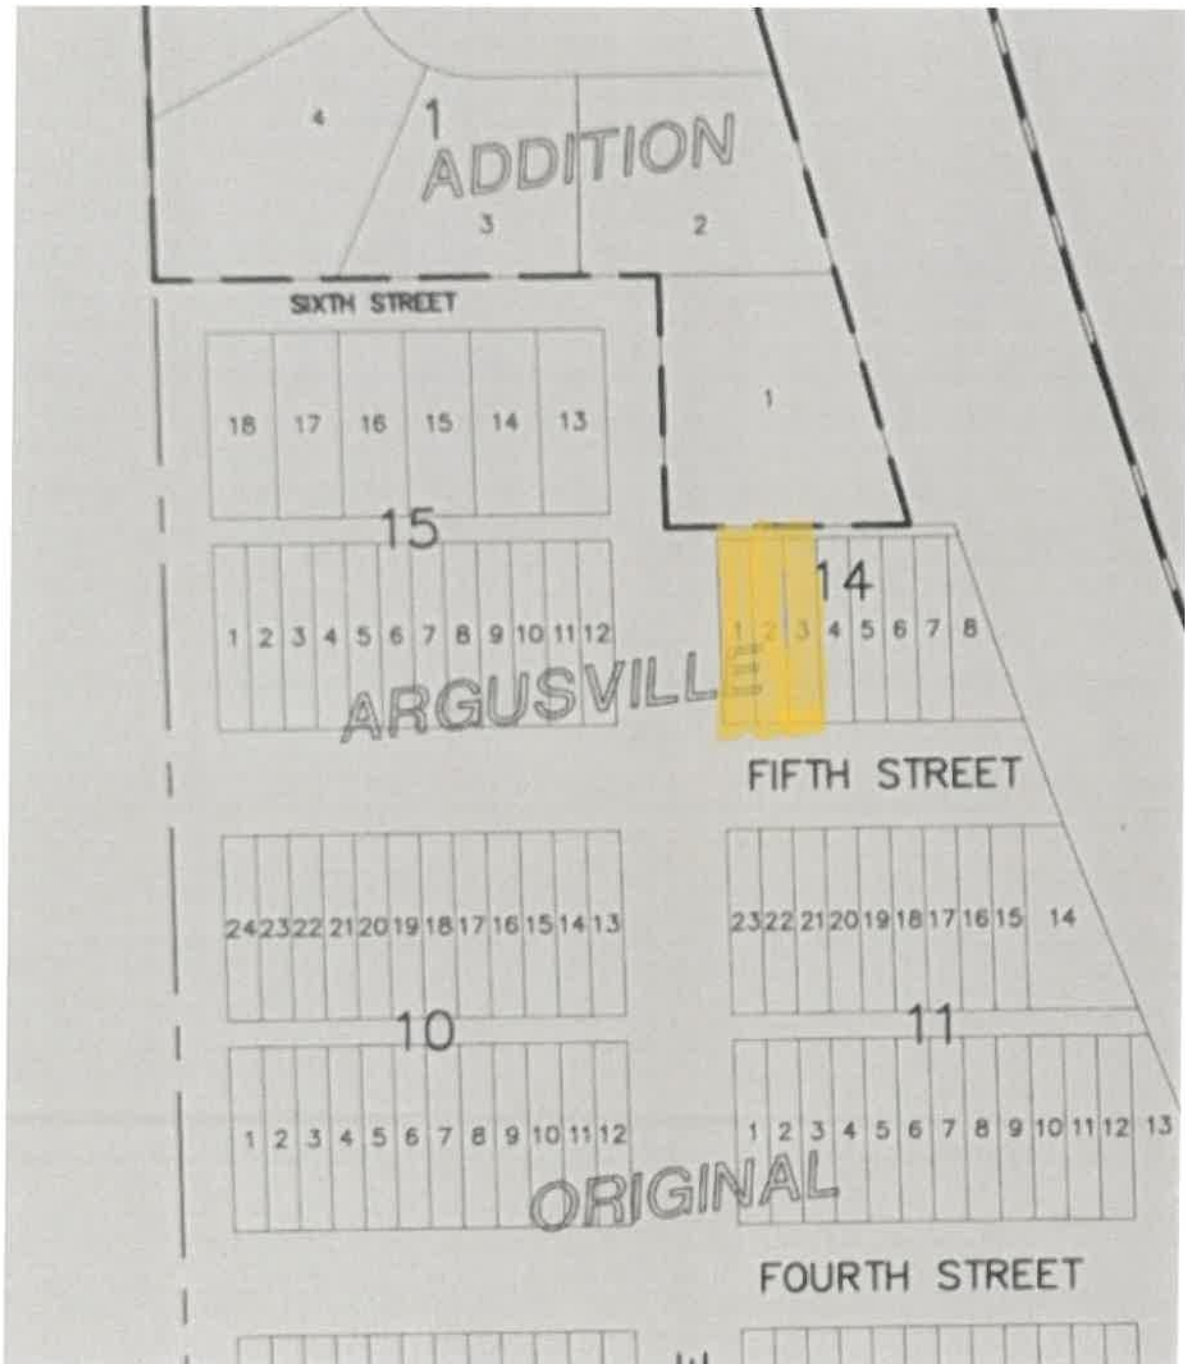

In-kind Donations - Total \$1,000

- This donation is from a private member of the community

Grant Funding - Projected Total \$200,000

- There are several grants the Park Board has applied for and awaiting notification.
- Harwood Legion \$10,000 - Awarded
- T-Mobile Hometown Grant - \$20,000 [*pending*]
- Garrison Dam Project - \$20,000 [*pending*]
- Clarence Johnson & Eunice Iwen Community Foundation - \$15,000 [*pending*]
- Statewide Greatest Need - \$5000 [*pending*]
- Bobcat Doosan Park Makeover - \$100,000 BNSF [*pending*]
- A pledge of support from the City of Argusville, requesting \$30,000 [*pending*]
- Once additional funding is secured, the Park Board will apply for the ND Park System matching grant for the remaining expenses.

Ongoing routine maintenance will be supported through the Annual Park Board budget.

Minot Park District

The mission of the Minot Park District is to provide broad-based opportunities for the citizens of Minot and its visitors to enhance their quality of life through its parks and recreational facilities. To increase public awareness of the benefits available from the Minot Park District. and to promote professionalism in the delivery of these services. To increase the understanding of the contribution made by parks to the economy and the economic development of the region. We currently maintain 24 parks with amenities, trail systems, and sports complexes (including a baseball complex. softball complex. Minot Auditorium, tennis center soccer complex, ice arena. zoo, outdoor pool. splash park, and dog park). We maintain over 1,000 acres of public property with buildings and facilities. and we strive to keep everything well maintained.

The Minot Park District is a political subdivision of the State of North Dakota. It was created by the City of Minot with Ordinance #50. The Ordinance was passed on August 28, 1911, and reads as follows: The Park District of the City of Minot heretofore created by the council in accordance with and under the provisions of the appropriate laws of the State than in existence, the laws now being embodied in chapters 40-49 in the North Dakota Century Code. is hereby continued. The first board was elected on September 26, 1911, and officially seated on October 3, 1911. The board consists of five elected commissioners on three-year terms.

Description of Project Features

The project we are proposing is a new playground for the South Hill Softball Complex. The South Hill Softball Complex is located in the heart of the Magic City and serves as a great location that is walkable for many families and individuals to enjoy. South Hill complex offers 8 softball fields to the Minot community. Including, two turf fields and six grass fields in the complex. We are excited to also offer a handicap accessible "dreamcatchers" field to the South Hill Complex. In addition to the fields, South Hill has restrooms, concessions, basketball/ tennis courts and sand volleyball. The park also includes an aging playground that is in need of replacement. At the Minot Park District we pride ourselves on the maintenance of our parks. We have a staff very well educated and certified in playground safety and maintenance.

The playground we have chosen for this project is designated for ages 2-5 and features for those 5-12 years of age. The playground features include three slides: two luge and a velo. Other features include play ensemble chimes, MESA climber and a sign language panel. These elements help build endurance, hand eye coordination, and elevate a child's self-confidence.

The Minot Park Districts mission is to provide quality of life for people of all ages and abilities. Included in this playground is a transfer station for individuals with limited accessibility.

There will be limited changes done to the current site for the installation of the proposed playground. Minot Parks staff will remove the current playground and prep the site for the new playground. Installation of the new playground will be bid out along with the equipment.
