GARRISON DIVERSION CONSERVANCY DISTRICT

MR&I COMMITTEE

**Garrison Diversion Conservancy District
Carrington, ND
August 13, 2026**

A meeting of the Garrison Diversion Conservancy District MR&I Committee was held August 13, 2026, at the district headquarters. The meeting was called to order by Chairman Kassian at 9:30 a.m.

MEMBERS PRESENT

Board Chairman Jay Anderson
Committee Chairman Larry Kassian
Director Kyle Blanchfield (by video conference)
Director Geneva Kaiser
Director Alan Walter
Secretary Merri Mooridian

MEMBERS ABSENT

Director Kenny Rogers

The meeting was recorded to assist with compilation of the minutes.

A copy of the registration sheet is attached to these minutes as Annex I.

READING OF THE MINUTES

Motion by Director Blanchfield to dispense with the reading of the May 21, 2026, MR&I Committee minutes and approve them as distributed. Second by Director Walter. Upon voice vote, motion carried.

PUBLIC COMMENT PERIOD

Chairman Kassian asked if there were any guests in attendance wishing to address the board. Hearing none, he proceeded with the meeting.

EXTENSION REQUESTS

East Central Regional Water District

Merri Mooridian, Secretary, explained Jerod Klabo was awarded up to \$10,000 from the Water Supply Assistance Grant Program in August 2024. The project has reached the two-year completion deadline.

Stacey Gussiaas, Administrative Assistant, Garrison Diversion, has been in contact with Neil Breidenbach at East Central Regional Water District, and he stated the grant applicant had originally received permission from a neighboring landowner to cross the property to complete the rural water hookup. That landowner has since withdrawn that permission, and the applicant is now pursuing eminent domain. As a result, Mr. Klabo is requesting an extension of the project completion deadline.

Following discussion, the committee agreed to allow Mr. Klabo a two-year extension.

Motion by Director Walter to approve a two-year extension, allowing Jerod Klabo until August 2028 to complete the rural water hookup at his residence in Steele County. Second by Director Kaiser. Upon voice vote, motion carried.

Southeast Water Users District

Ms. Gussiaas reminded the committee of the eight WSAGP applications submitted in September 2024 for hookups in the unincorporated City of McLeod located in Ransom County. The two-year deadline is approaching, and the projects have not been completed.

Ms. Gussiaas stated that Leslie Reiland of Southeast Water Users has responded indicating the McLeod projects were delayed due to difficult soil conditions. A recent update from the contractor stated he is anticipating a late August or early September start date with an expected completion date of mid-October pending no further issues.

Following committee discussion, it was the consensus of the committee to allow the McLeod project's eight applicants until July 1, 2027, to complete the rural water hookups.

Motion by Director Walter to approve an extension to the McLeod rural water projects until July 1, 2027. Second by Director Blanchfield. Upon voice vote, motion carried.

CURRENT FUNDING TABLE & PROJECT REVIEW

Ms. Mooridian referred to the WSAGP outstanding projects table, reporting projects approved for 2026 total \$276,078. Expenditures this year are \$191,002. There is \$283,989 outstanding. A copy of the table is attached to these minutes as Annex II.

COMPLETED PROJECTS

Ms. Mooridian referred to the WSAGP completed projects table through December 2025, stating the total amount of approved projects is \$1,044,670 with an expended amount of \$810,896. Projects that did not come to fruition total \$233,733. A copy of the table is attached to these minutes as Annex III.

WATER SUPPLY ASSISTANCE GRANT APPLICATION

Director J. Anderson asked about the requirement that grant applications be submitted before work begins on a project.

Ms. Gussiaas stated that requirement was addressed at the most recent MR&I Committee meeting and system managers have been made aware of the policy. There were a few

instances in the current round of grant applications where there was some confusion, which the committee would need to address.

Ms. Gussiaas explained that applicants must submit their application before beginning work on a project. However, once an application has been submitted, an applicant may begin work at its own financial risk and liability pending approval of the grant.

REVIEW OF GRANT APPLICATIONS

East Central Regional Water District

Neil Breidenbach of East Central Regional Water District (ECRWD) explained the emergency situation facing the City of Emerald. The city's 12-mile asbestos water line, which serves 11 customers, has experienced repeated failures. After approximately \$130,000 was spent on unsuccessful repairs, the line was abandoned.

ECRWD contacted the State Water Commission to establish a temporary water line. However, several customers have inadequate water pressure and cannot use the temporary supply for drinking water. ECRWD is working to transfer the customers to its spur lines, but the work will require several railroad crossings, significantly increasing costs.

ECRWD is requesting financial assistance of \$10,000 per customer to help cover the cost of transferring the customers to new water lines. The customers would be responsible for the remaining costs and hire contractors to install services lines to their homes from an ECRWD main or branch line.

Chairman Kassian noted the WSAGP's policy provides a 50% cost share for eligible costs exceeding \$2,500, with a maximum award of \$10,000 per customer. The first \$2,500 is the applicant's responsibility.

Application Deadline Issue

Ms. Gussiaas referred to grant applications from Elpidio Gomez with McKenzie County Water Resource District, Michael and Lana Nelson with North Prairie Regional Water District and Cottonwood Cove Campground with Southeast Water Users District that were submitted after the deadline due to various communication issues. The applications were accepted with the applicants and sponsors advised that funding approval would be at the committee's discretion.

Chairman Kassian stated that a grace period may be appropriate because the program guidelines regarding this issue were recently changed.

It was the consensus of the committee to consider the applications today.
